### DO TERRA ALTA, *THE SOUL OF OUR WINES*

The Designation of Origin DO Terra Alta is located in Catalonia's most southern, inland area. Terra Alta region has been closely linked to wine production for almost 1.000 years. By 1.296 and 1.319 writers were already praising the character of wines from Terra Alta, where people have their own way of understanding life.

Garnacha is the big bet of Terra Alta and represents over 40% of its production, being garnacha blanca (white grenache) the star variety. One third of the world's white grenache production is made in Terra Alta. Local winds "cerç" and "garbí" help the grapes' maturation process, refreshing them in hot summers and preventing illnesses. Vines grow on irregular terraces, on a very poor calcareous soil. Overall the climate is mediterranean with continental influence.
